Dear Scott,

Please accept this letter as our thank you for a job well done.

When we first met and under took this project I had high hopes that your company could improve the condition of our floors at Osceola Heritage Park. Quite simply you have met and exceeded that goal. Clients and patrons have commented on the vast improvement.

During this process all members of the Preferred Concrete team were a pleasure of work with. It is my pleasure to recommend Preferred to any company or facility which may be interested.

Again, my many thanks to you and your team.

Sincerely,

Pete Caruso
