To whom it may concern,

We have used Polished Maintenance for several years and have been thoroughly pleased with the quality of their workmanship and the dedication of their customer service. They have always been quick and responsive to our needs when we have projects come up that we need to solicit their services. We have partnered with them on many different projects ranging in size from small 1,000-1,500 sq.foot polishing jobs all the way up to 10,000+ sq.foot projects. Regardless of the job size, they've always given consistent service and quality work. Should your company choose to partner with Polished Maintenance, I believe you'll be as satisfied as we have been with their staff and services. Should you have any questions or like any further information, please don't hesitate to reach out with any questions!

Sincerely,
